Forecast For East of England
Issued by Met Office Exeter
at 0400 on Tuesday 19 Oct 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Rain, heavy at times through the day. Breezy but mild.

Today:
A cloudy morning with outbreaks of occasionally heavy rain spreading across the region through the morning. Drier but breezy with some brighter spells in the east through the afternoon, but further rain reaching the far west by dusk. Mild. Maximum temperature 19 deg C (66 deg F).

Tonight:
Rain, heavy at times, moving eastwards across the region through the evening and into the early hours. Some drier spells later in the night, with isolated showers. Minimum temperature 13 deg C (55 deg F).

Wednesday:
Showers, which could become heavy, merging into longer spells of rain during the morning. Scattered showers and brighter spells through the afternoon, ahead of further heavy rain overnight. Breezy. Maximum temperature 16 deg C (61 deg F).

Outlook for Thursday to Saturday:
Early rain clearing, then mainly dry, but becoming colder with scattered showers, strong winds and coastal gales. Further showers and easing winds Friday. Mainly dry and bright Saturday, becoming breezy.
